How to install the CD – certificate for payments through the e-banking service from Stopanska banka AD – Skopje.

Dear clients, thank you for choosing the e-banking service for managing your personal and business finance. The service offers you option to overview your account balances and banking product statuses as well as an option to execute different types of payments in foreign and domestic currency as well as make fund transfers from your accounts.

For the advantages and opportunities provided by the e-banking service from Stopanska banka AD – Skopje, the payment schedules and fees the details are provided on the <u>web site</u> of the Bank.

ATTENTION: The CD certificate that you have been given is solely intended for execution of payments and fund transfers from your accounts. If you only wish to follow the account balances it is not necessary to install the CD certificate. The account balance overview is available simply by logging into the e-banking service with your unique username and password.

Additionally, you can install the certificate on more than one computer; however for increased safety avoid installing it on public computers and be careful to install it on your private computers or on computers where you regulate the access.

Stopanska banka AD - Skopje, 11 oktomvri 7, 1000 Skopje, Republic of Macedonia tel. 02 3295-295, fax 02 3114-503, SWIFT CODE: STOB MK 2X, Tax Number 4065549 e-mail: sbank@stb.com.mk, http://www.stb.com.mk

WIZARD FOR INSTALLATION OF THE CD CERTIFICATE

For successful use of the e-banking service for foreign and domestic payment transactions it is necessary to install the CD certificate attached to the CD you were given by the Bank. Please follow the instructions of the wizard and in a few simple steps the installations and adjustments necessary for payment transactions through the e-banking service will be completed.

ATTENTION: for successful use of the e-banking service you need to have Internet Explorer installed on your computer. If you don't have Internet Explorer, please first install it and then continue with this e-banking wizard.

- **1.** Insert the CD in the CD reader of your computer
- 2. If allowed on your computer the CD will activate the AutoRun, that is the welcome screen of the wizard that will guide you through the process of installation and adjustments. If AutoRun is blocked please open the CD folder and select setup.exe to launch the wizard.
- **3.** The wizard begins with the installation of one of the main components SB Xml Digital Signature as shown below. The screen displays information about the necessary installation and the next steps in the process. Please read through all the data before continuing with the installation.
